Benefit
Bike Ride

The San Luis Valley Century

We invite you to pedal and be embraced by 14,000 foot mountain peaks beneath the forever reaching Colorado blue skies. The San Luis Valley, surrounded by the dramatic Sangre de Cristo and San Juan Mountains, offers an array of outdoor recreation. Experience the great expanse of one of the world's largest and highest alpine valleys, covering an area the size of Connecticut at an elevation of 7,500 ft. For lodging see www.alamosa.org.

Bike 2 Build is a benefit ride for Habitat for Humanity. The ride is a fully supported with reststops every 25-30 miles with snacks, beverages, good conversation, potty facilities and sag vehicles. This year's ride includes the 100 mile Century, a Metric Century and a 35-mile loop. A post-ride meal is provided for riders. Additional guests may join the (yummy!) meal for \$10.
